### PROJECT RENDERINGS

A VISUAL REPRESENTATION OF THE ANTICIPATED PROJECT OUTCOME

### Project Updates:

- Moving towards completing the design plans for Brooklyn dam removal and stream restoration
- Presented the project to the Columbia District School Board and discussed prospective benefits
- Continued outreach to adjacent landowners to obtain feedback on project design, schedule, and finalizing the construction agreements
- Initiating communication with landowners and Drain Commission Office regarding upstream fish passage at Nooney Dam
- Finalized cultural and archaeological reports to be submitted to State Historical Preservation Office (SHPO) for review and approval

### Coming Up:

- Coordinating with the Village of Brooklyn to schedule community meeting to present the final project design (March 2025)
- Conducting hydraulic modeling analysis to meet regulatory State and Federal requirements
- Developing State and Federal permit applications
